

turret - drill 3/32" for swaging
drill #43 for press fitting

wire routing - drill 1/8"

screw mounting - drill between 1/8" and 5/32", depends on size of screw

to insure a correctly sized template, turn off all page scaling (especially "fit to page") under printer properties when printing - print on 8 1/2" x 14" legal sized paper.

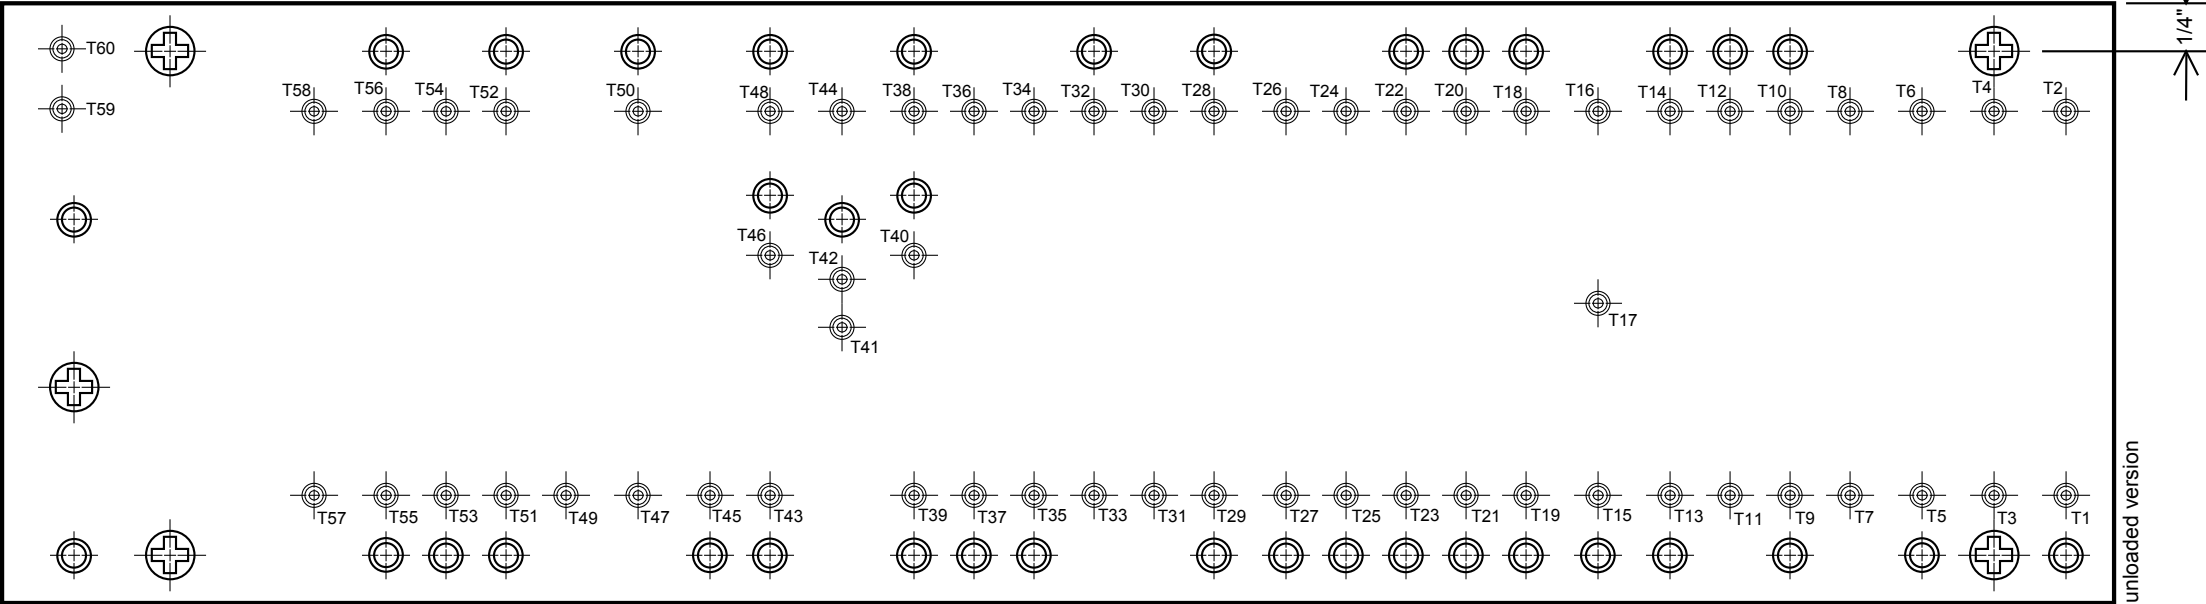

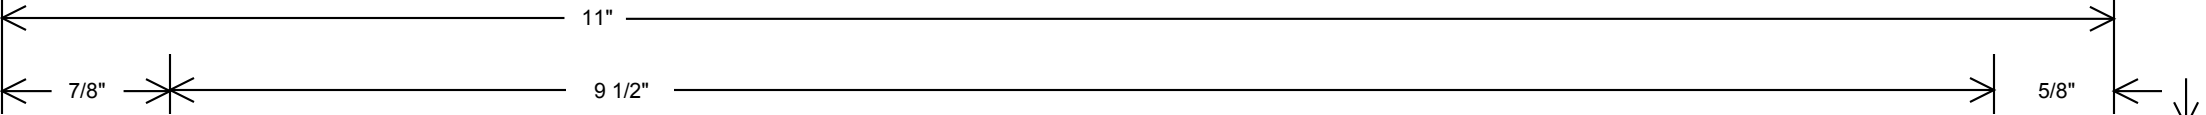

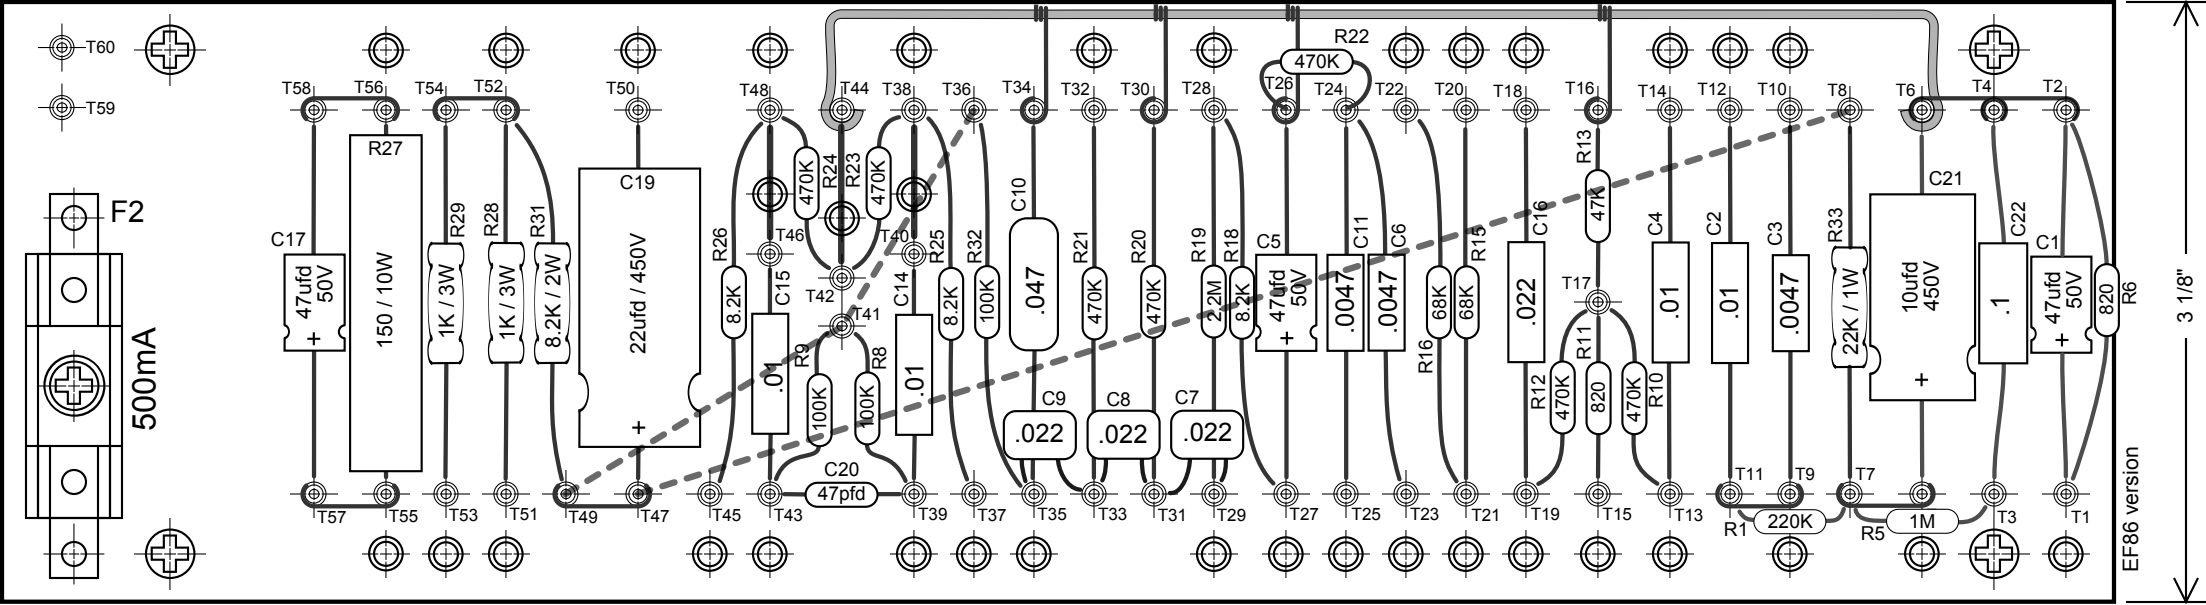

all capacitors are 400V unless otherwise stated
all resistors are 1/2W unless otherwise stated.
